## Mansfield Dam Park

### Directions

From the intersection of RR 620 and FM 2222, travel south 4.9 miles. Turn right onto Mansfield Dam Road, just south of Mansfield Dam. The park entrance is on your left.

### Hours of Operation

Sunrise to 9:00 pm for day-use visitors. Overnight camping available by reservation only.

### Entrance Fees

- Day Permit -- \$8.00 (per vehicle)
- Improved Camping -- \$20.00 (per vehicle)

### Description

As its name suggests, Mansfield Dam Park is located adjacent to Mansfield Dam on the main body of Lake Travis and serves as one of the primary access points for boaters.

Diving is almost as easy as stepping right from your car door into the lake. We have provided dive stairs, a wheelchair-accessible ramp, and a courtesy dive lift to ease the trek from hillside to lakeside. Underwater amusement has been enhanced by the addition of four underwater dive platforms at various lake levels. Also, an underwater trail and compass course will be laid out to connect dive attractions such as sunken boats, historic dam construction materials, and geological points of interest.

Tucked away from the rest of the park, our dive camping area will open soon, giving scuba enthusiasts six camping pods (each accommodating up to 30 individuals) with covered picnic shelters, restrooms, showers, separate dive stairs, and nearby parking. Camping in this area is [by reservation only](#).

### Camping

Group campsites are available by reservation only. Please telephone (512)854-PARK (7275) to make your reservation at least one week in advance.

Drive:

185 mi (about 3 hours 16 mins)
